Playground Shade to be Installed at Veterans Memorial Park

Douglas, Ariz. (August 16, 2021)- One of Douglas, Arizona's most popular playgrounds will be transformed into a cooler hangout for kids and their parents. The City of Douglas Parks and Recreation Department is excited about breaking ground and moving forward quickly with the installation of a playground shade at Veterans Memorial Park.

"The playground canopy will prevent the sun from heating up the equipment as well as protect families from the sun's rays while they play," said Jennifer Smith, Leisure Services Manager. "It's another feature we are working on to enhance our most used playground," Smith explained.

The playground shading is scheduled to be installed beginning August 17, 2021. The project is expected to take two to three days to complete. A partial closure of the playground will be in effect during installation.
